July 2024

Table of Contents

Imaging Devices in Malaysia - Category analysis

KEY DATA FINDINGS

2024 DEVELOPMENTS

Imaging devices continue to feel the heat from smartphones but tourism offers some respite for digital camcorders

Emergence of lower-priced alternatives exerts some pressure on GoPro

E-commerce on the rise but physical stores retain a strong preference

PROSPECTS AND OPPORTUNITIES

Influencers and digital content creators to spur sales

Online promotions and BNPL are likely to make imaging devices more attractive purchases

Rising trend for refurbished/used products to dampen new purchases

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/imaging-devices-in-malaysia/report.
