Vitamins in Singapore - Category analysis

KEY DATA FINDINGS

2023 DEVELOPMENTS

Vitamins continues to record a stable performance in 2023, with multivitamins inching out growth in single vitamins
Single vitamins continue to compete on price points and provenance
Transparency and proven product efficacy will become stronger themes in vitamins

PROSPECTS AND OPPORTUNITIES

Vitamins will continue to experience stable growth, given demographic needs
Multifunctional product trend means players will need to adapt in single vitamins
Sales of vitamin C expected to slow despite continued concern for immune health

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
